

BROTHERS OF ST GABRIEL

"Labor Omnia Vincit"

*Dear Lady,
make haste to help us*

Provincial Superior's Message

Bro John Albert Arul Devanesan fsg

Dear Brothers, Sisters, Board of Governors, Benefactors, Montfort Associates, Friends of Montfort, Principals / Teachers / Support Staff, Students / Trainees,

Greetings to all of you!

In the business world as we approach the Mid-Year 2018, it is a common practice to do mid-year account, mid-year review and mid-year evaluation.

In the spiritual realm God calls us "Come away and rest awhile. Mark 6:31. Jesus is proposing a Mid-Year Retreat, He invites us to stop, look and go forward in the spiritual journey.

We need to become aware of the profit and loss in our spiritual journey, for six months of the year has run its course. It is time for spiritual audit of our lives under the Love of God. We need to become aware of the blessings received and blessings wasted. How we have built relationship and how we have hurt relationships.

I have selected three verses of Psalms 25 in which the Psalmist seeks God's direction, God's encouragement and God's goodness.

⁴ **DIRECT me in your ways, Yahweh, and teach me your paths.**

⁵ **ENCOURAGE me to walk in your truth and teach me since you are the God who saves me. FOR my hope is in you all day long -- such is your generosity, Yahweh.**

⁶ **GOODNESS and faithful love have been yours forever.**

We can emulate the spiritual discipline of taking a few days of vacation with the Lord. It is good to set up a small program of detox – from whatever has gotten an upper hand over our lives. Small monkeys when we keep feeding them can become big gorillas on our shoulders. Pope Francis has been reminding us "let nothing rob the joy of the Lord".

It is never too late to get back to the track of life leading us to greater joy and fulfillment. The Word of GOD – COME has been addressed in many ways. Come back to me. Come down. Come Out. Come to me all you who labor and are burden and I will give your rest. Come away and rest awhile.

The rested person becomes a resourceful person. Let us heed the invitation of the Living God.

Thank you,

May the Gracious God Watch Over All of You.

Montfort Secondary School (MSS), Singapore

By Priya Prasad

Sports Co-Curricular Activities' Achievements

Our Sports Teams did tremendously well in this year's Inter-School Tournaments, bringing glory to the school. Our sportsmen went through months of gruelling training to hone their skills and every victory they clinched was proof of their grit and team spirit. We wish them all the best in the National Tournaments.

Softball

"Cooperation cannot be forced out of a group of people. It was only when we started communicating more often as a team and understanding each and every one of us better, were we able to work together and finally transform into a true team." Gideon, 4 Excellence.

Badminton

"Endurance is an important value I learnt in Badminton. Badminton requires a lot of stamina to preserve through rallies of shots and to keep up with the pace of the game. It really drains your stamina so you have to strengthen yourself mentally to play a better game than your opponent." – Nabil, 4 Excellence

Basketball

"I enjoy training with my teammates as strong bonds are forged when we train together." – Carlo, 3 Humility

Rugby

“Rugby is a sport in which teamwork is important as you need every player to support each other throughout the entire match and also help each other train to the best of their abilities. I really like my team mates as without them, I would not have people to look up to and learn from to become a better player.” – Rex, 3 Excellence.

Football

“When playing football, teamwork is an important factor. You can have a team of talented players but they may not play well as a team. You can have a team of mediocre players but they may play well as a team. Teamwork makes the dream work! Therefore, it is key in playing football.” – Hakim, 3 Team Spirit

Wushu

“One of the many values I have learnt throughout the years of being in Wushu is perseverance. Learning Wushu movement and technique is not something that can be done within a few training sessions. You need to have the determination to endure the long training hours and to strive for precision and elegance in every movement.” – Micah, 4 Excellence

Montfort Junior School (MJS), Singapore

By Ng Yi Li

Developments in Makers' Culture

ALP STATUS

We are proud to announce that Montfort Junior has been awarded the Applied Learning Programme (ALP) status for STEAM Education (Coding and Robotics).

Sharing by our Teachers at ICTLT

A team of Math teachers, Mdm Tay Chor Lin (HOD Math and Aesthetics), Miss Melissa Teo (SH Math), Mrs Wendy Yap (ST Math) and Mdm Mastura (ST Math) had the opportunity to share their innovative project to our Education Minister and fellow Educators at the annual MOE ICTLT. The project titled, Developing Mathematical Reasoning through Programmable Robots, was to have pupils take on the role of urban planners, and make use of the Sphero to learn more about geometry and symmetry. Our booth was also visited by many curious visitors keen to learn more about making education meaningful for the pupils.

Tech Saturday

Our pupils took part in Tech Saturday (Upsized) and one of the teams was awarded the "Best Teamwork Award". The pupils also created a game for the carnival booth and had opportunities to present their game to Mr S Iswaran (Minister for Communication and Information) and Dr Ibrahim (Former Minister).

Our CHRISTE Values Excellence

We tell the pupils, it's not about the awards but about enjoying the process, challenging yourself further and always doing your best and we are proud of CCA pupils for their accomplishments this second quarter. AGE QUOD AGIS!

Compassion

Displaying compassion in our annual Hair for Hope event as well as taking part in the Singapore Kindness Movement by showing appreciation for our bus ambassadors.

BOYS' TOWN

Helping Children & Youth-in-need

By Trevor Chan

Emmanuel Service Festival

In memory of our beloved Brother Emmanuel who passed away on 31 August 2017, Boys' Town dedicated the day on 18 May 2018 for the staff and boys to reach out to serve the needy in Singapore. In honour of his service to the community, the Boys' Town family came together and celebrated the day with the following services:

1. Cook salad rolls (we call popiah in Singapore) to the 50 elderly in the Community Kitchen at Marine Terrace.
2. Befriended 50 senior friends at Goodlife! while we also taught them how to make terrariums.
3. Fixed 26 of broken wheelchairs at Changkat Changi Community Centre.

We will continue to spread the love from the Emmanuel Service Festival and keep the fire of Brother Emmanuel forever burning in our hearts.

Sundown Marathon

6 boys from our Residential Services and staff had the opportunity to participate in the annual Sundown Marathon on 19 May 2018. They ran along the scenic route of Singapore that showcases the skyline and the iconic Singapore Flyer. With their weekly training in the running club, the boys gave their best shot and completed the 5km night run.

Boys' Town is honoured to be selected as one of the beneficiaries for Sundown with Love charity outreach campaign.

Boys' Town Adventure Centre Public Climbs

The Boys' Town Adventure Centre (BTAC) opened their adventure tower and bouldering room to welcome the public to give it a go! Conducted over a span of 3 months from March to May, public who had signed up for the sessions climbed and abseiled in our adventure facilities.

Serving not just the Boys' Town clients, BTAC is also open to the public and conducts team-building and climbing certification courses for the general public.

In Search of the Path (Zen Wisdom Story)

"I am willing to leave everything. Let me be your disciple."

"How does a person choose his Path in life?"

"Through sacrifice. A path that demands sacrifice is a true path."

The master accidentally bumped into a bookcase. A very rare porcelain vase fell off the shelf and the lad flung himself forward to catch it before it hit the ground. He fell the wrong way and broke his arm. But he was able to save the precious vase.

"Which sacrifice is greater, to see the vase shatter into pieces on the floor or breaking your arm to save it?"

"I don't know."

"So then, do not try to guide your choice through sacrifice. The path is chosen by our capacity to compromise with each step we take along the way."

CONSIDER THIS

"The future is not some place we are going, but one we are creating. The paths are not to be found, but made. And the activity of making them changes both the maker and their destination." – John Schaar

Assumption English School (AES), Singapore

By Mr Quek Ser Hiang

Founder's Day and Prize-Giving Ceremony

By Mayuga Edinele De Guerto (Class 3/1) and Ms Atikah Sa'ad

The annual Founder's Day and Prize-Giving Ceremony which took place on 27 April 2018 is a celebration of the academic and co-curricular achievements of Assumptionknights. This year, the achievements of our staff were also highlighted at this annual event. Our Guest-of-Honour, Brother Dominic Yeo Koh, Supervisor of Schools from the Montfort Brothers of St Gabriel, joined us for the ceremony and presented the special accolades to our newly promoted teachers as well as the recipients of the long service awards.

The theme for this year "Assumptionknights Unite" was introduced by Mr Benjamin Kwok, our Principal, who spoke passionately about celebrating our success as a family and encouraging us to embrace our identity as an Assumptionknight by leading, serving and reaching out within the Gabrielite community. He also acknowledged the groups of people who made our school special – the students, teachers, parents, alumni as well as a supportive School Management Committee.

Spirits were high throughout the ceremony as peers, juniors and seniors clapped and cheered for all the award recipients. It was heartening indeed to see each and every one acknowledging the achievements of a fellow schoolmate. In her Vincent Award of Excellence speech, the highest honour given to an Assumptionknight, Trina Ng Hai Ling shared, "The friends I have made in AES are friends I will treasure for life and it is with great pride that I can call myself an Assumptionknight." A simple sentence which sums up the kind of camaraderie fostered in the school.

The ceremony was more than an award presentation. It instilled a greater sense of belonging to the school as we celebrated the achievements of the entire school community and that pride was heard loud and clear as we sang our school song united in one voice at the end of the event.

Montfort Feast Day Mass 2018 *By Mayuga Edinele De Guerto (Class 3/1) and Ms Atikah Sa'ad*

27 April 2018, Friday, is a special day for Assumptionknights as we gathered as one to celebrate Montfort Feast Day Mass.

The Mass, led by Father Martin Low, is celebrated in honour of our founder, St Louis Marie de Montfort. The Montfortian spirit of charity and love forms the strong guiding principles of our educators today in nurturing men and women of character and learning.

Our very own AES Show Choir also led in the singing of the hymns during the Mass. Despite the different races and religions present, the Mass was observed with great reverence by all as one big family.

Assumption Pathway School (AES), Singapore

By Mr Hoon Jen Ken

APS Graduation Ceremony

APS Graduation Ceremony was a symbolic event held on Friday 6 April 2018 to celebrate the success and achievements of our students. Our teachers dedicated much effort to help our students attain their potential and it was certainly heartwarming to see the students reaping the fruits of their success.

During the ceremony, we presented the ITE Skills Certificate (ISC) to our very first cohort of graduands from the Culinary Skills course. We also presented the SATS Foundation, ST Engineering as well as the Richard

Wee Awards. These awards were given in recognition of our students' efforts and achievement.

APS 10th Anniversary Celebration

The school commemorated its 10th Anniversary, a significant milestone for APS on Friday 13 April 2018. It was a representation of our hard work, determination and progress over the years. President Halimah Yacob was our Guest of Honour and we were honoured to have her to grace the event.

Our partners, school affiliates as well as alumni members were

present for the celebration. The guests were delighted by the culinary creations and dining experience proudly put together by our staff and students. Our Malay and Hip Hop fusion dance by our students and the duet performance by our former student and staff kept our guests in good spirits.

During the celebration, we also presented the Friends of APS Awards to our partners namely Changi Foundation, Mitsubishi Electric Asia, NTUC Income, SATS, ST Engineering as well as Temasek Foundation Cares. The Tay Eng Soon Scholarship Award was awarded to our graduand Sarah Basyirah Abdul Razak in recognition of her hard work and achievement.

As a school, we hope to mould our students to be working adults of character and values. However, this could only be made possible with the support from our partners. Most importantly, as a family all that we strive for is in the best interests of our students.

Evening at The ART

APS collaborated with Guest Chef Jenny Yeo from Woody Family café for the Evening at The ART on Saturday 24 March 2018, featuring authentic and flavoursome Peranakan cuisine.

Our Executive Director, Mr Christopher Neo presented tokens of appreciation to our Guest Chef and her family members. It was a delightful evening filled with enticing Peranakan food, warmth and good times. Most importantly, this was an enriching experience for our students to serve in real-life

situations. This helped to build up their work competency and resilience.

Founder's Day Celebration

The school commemorated Founder's Day on Friday 27 April 2018 and paid tribute to its Founder, St Louis Marie De Montfort. The theme for this year: Montfort, the educator of youth – the best interest of the child. About 20 Catholic staff members and students attended the Feast Day Mass at Assumption English School.

School-wide celebration consisted of two segments; classroom activities and a grand finale at the Vincent Hall. In one of the classroom activities, students learnt about the lives of the pioneer Brothers who had contributed much to the setting-up and the development of the school.

The highlights at the Vincent Hall Celebration featured a video recording of Brother Roger who started the Men's Tailoring Department in 1953 and served as its Department Head for more than 30 years. Students rediscovered the life of Montfort and his values in the slide presentations and the quiz that followed. There was also a poster display at the school foyer for students to discover more about their founder. The event was indeed an enjoyable and enriching experience for both students and staff alike.

St Gabriel's Primary School (SGPS), Singapore

By Mr Gerald Kong

Virtues Week 2018 and Founder's Day Mass

19 April (Thursday)

Brother Dominic Yeo-Koh, SG launched Virtues Week 2018 by addressing the whole school in the hall. He gave a 10-minute presentation on the importance of virtues. The students were attentive and participative. The usual daily assembly prayers followed.

During recess time, two skits on the life of St. Louis Marie de Montfort were put up by Catholic Club members to familiarise the boys on key episodes of his life. One was on how he reached out to a poor student by winning over the rich students who bullied him and got them to donate and help him instead. The other skit depicted his transformative Cesson Bridge experience where after he bid farewell to his beloved family, gave away all his possessions to, and even exchanged clothes with, three beggars he met enroute to the seminary. This was how he abandoned himself wholly to God's providence. Many of our own students and some visitors from Montfort Junior School and Assumption Pathway School who are part of the Montfortian Character and Citizenship Education Community of Practice witnessed and applauded the wonderful acting as they learnt more about the virtues of the Founder such as compassion and solidarity with the poor and complete trust in God for our needs.

The skits and the actors of St Louis Marie's life

Word Search Quiz (20 April (Friday))

The boys enjoyed themselves when they participated in a Word Search quiz on the life and virtues of the Founder during recess. Separate sheets were designed for the lower and upper primary levels. Charts on Montfort's life were displayed outside the chapel so that the boys could not only gather clues but also get the opportunity to be more informed about his life. This activity was facilitated by Catholic teachers and parent volunteers. The boys also interacted enthusiastically with Brother Dominic during recess as they got acquainted with a Gabrielite Brother in person, in the school canteen.

Charity Weeks Envelopes (23 April (Monday) and 24 April (Tuesday))

A donation drive was conducted using the Charities Week Envelopes 2018 of Caritas Singapore during recess time. The Gabrielite boys and staff lived out the virtue of generosity by cheerfully rendering financial aid to those who are less fortunate locally. The collection box was decorated by the students while parent volunteers helped mind the donation table. On both dates (as part of a month long initiative), a used books collection was also conducted to encourage the students to share generously with others the joys of reading as well as prevent wastage. Just on 23 April, the students were also able to view a part of a video on the inspiring life of French Gabrielite Bro. Hilare who selflessly devoted himself to education and nurturing the young in Thailand. He helped develop textbooks to aid foreigners in learning Thai that are considered to be classics up till today.

Founder's Day Mass (25 April (Tuesday))

The culmination of Virtues Week was the joyful Founder's Day Mass celebrated by Fr. Gregory Tan, SJ, an old boy of the Gabrielite schools, in the school hall attended by the whole school community. It was well supported by members of the School Management Committee as well as a Governor of St Gabriel's Foundation. The altar servers, readers, presenters of symbolic items and the choir were largely composed of Catholic Club members who greatly assisted in the Mass to cap the 4-day long Virtues Week celebrations on a high note.

MeToYou Youth Outreach Programme (YO!!!)

By Carmmen Lee

A Programme by MontfortCare

Cyber Wellness Ambassador Training Programme

As part of MeToYou’s Community Education Programme, we offer a Cyber Wellness Ambassador (CWA) Training Programme to schools to equip student ambassadors with cyber wellness knowledge and skills to identify and support their peers and others around them facing online challenges. The outcome of the programme is to have a pool of CWA that becomes positive role model for responsible use of Internet and provide peer support to their friends and classmates when cyber issues arise.

In 2018, we have the privilege of partnering with Seng Kang Secondary School (SKSS) to run a CWA Training Programme for their CWAs, which will culminate with a Cyber Wellness Fair (CWF) in August. Our first of 4 sessions started in April exploring with the CWAs their role, the importance of their role, as well as the cyber wellness topics they want to learn more about and champion for during the CWF.

Our first session kicked off with a very interesting ice breaker where the CWAs were split into 2 groups to “cyber stalk” 2 of our MeToYou staff, for selected information such as birth date and hobby. The ice breaker was a way to introduce our staff who will be working with them over the next few months while at the same time raise awareness of the importance of their role to educate their peers about cyber related issues such as how their personal information can actually be retrieved online if they are not careful with privacy settings and what they post online.

The CWAs voted for Internet Addiction (Excessive Gaming and Handphone Use) and Cyber Bullying among the different Cyber Wellness issues to learn and champion for in SKSS this year. We conducted our 2nd session using different interactive activities to help the CWAs learn more about the nature of Internet addiction, how to identify it, the impact of it on a person’s well-being and ways to balance our use of internet. Internet Addiction, especially in the form of excessive handphone use is definitely a huge global phenomenon we are seeing today and especially among young people. The CWAs found the session insightful in learning new knowledge they previously didn’t know about such as how excessive device use can increase the chance of a person developing anxiety and depression.

Come July, the CWAs will learn more about cyber bullying and how they can advocate for more people to be *up-standers* instead of *bystanders* when they witness cyber bullying (or any form of bullying for that matter).

Finally, during the last session, apart from the preparation work for the Cyber Wellness Fair in August, we will also be teaching the CWAs simple engagement and presentation skills that will aid them to execute their role confidently and competently. We look forward to see and hear about the impact the CWAs are going to make to their peers in school, during the fair and also during typical school days, where raising awareness about cyber wellness becomes a personal conviction and lifestyle they advocate for!

Montfort Boys' Town, Shah Alam

By Arulannandam S

The 2nd quarter of this year challenged us with various events and activities. All students and staff played their roles well to make all events a success. To the Lord almighty a BIG thank you.

Prof S. Yagi giving lecture on engineering mathematics to 2nd year Computer Maintenance students

Prof S.Yagi, Professor Emeritus from Meisei University, Japan gave several lectures to Computer Maintenance 2nd year students. In collaboration with Japan Club, he conducted several lectures on mathematics & digital imaging to the graduating students of Computer Maintenance Dept.

Feast Day of St. Louise Marie De Montfort

His Grace Archbishop Julian Leow celebrated mass at Montfort chapel on 28 April, 2018, the celebrations continued at the main hall with student performances and dinner. Dinner guest includes His Grace Archbishop Tan Sri Murphy Parkiam, Rev Fathers, Sisters from other congregations, Board Members and Bro Mark who celebrated his birthday with a cake cutting ceremony.

Montfort Alumni Day

It has been a tradition that on 1st May every year – we celebrate the Alumni Day at Montfort Boys Town. The alumni members will gather and interact with the present students, motivating them as well as have fun through various games and activities.

Job Placement Exercise for 2nd year students

It was an exciting day with anxiety for all the school leavers who attended interviews with potential employers. Many braved themselves and accepted good offers to start working in Klang Valley. Big thanks to all the participating companies who offered job opportunities.

Open House Charity Carnival 2018

It is our main fundraising event that involves all students and staff in collaboration. The 'steering committee' that planned months ahead and worked with networking among alumnus and many NGO's and Corporate companies made the event a successful one. Our heartfelt thanks to many Catholic Churches who allowed us to sell our carnival coupons, many volunteers who without fail support us i.e: the entertainers, foot stall / merchandize stall operators, super bikers.. and the list can go on and on. BIG thanks to GOD almighty.

Students New Intake – 2018

It is our annual student enrolment exercise where parents with mix reaction enrolled their sons or daughters. Total of 97 boys and 37 girls were enrolled. All senior students were very helpful in the whole process and showed kindness as well as been a good role model.

Montfort Youth Training Centre, Sabah

By MYTC

Graduation Ceremony of Batch 18

Officiated by our guest of Honor, YBhg Datuk Henry Goh, a local philanthropist, we once again proudly witnessed the graduation of 76 Trainees from Batch 18 after they had successfully completed their two years Training with MYTC. Also present during the graduation day were Government Representatives, Board of Governors, Donors, Friends of Montfort, the Press and Parents of Trainees. Among the graduates were twenty one (21) Welders, eighteen (18) Mechanics, sixteen (16) Carpenters and twenty one (21) Refrigeration and Air-Conditioning Technicians. Most of them have secured jobs from around Sabah, Labuan and West Malaysia while some of them decided to further their studies. Nine (9) of the graduates

Mr Joseph Tek presenting the monetary reward to one of the recipients, Gabriel Maxwell Leo

successfully attained *Terampil Cemerlang* (distinction) in their Malaysia Skills Certificate (SKM) examination and received monetary reward from Mr Joseph Tek, MYTC Board of Governor, for their success in attaining excellent results.

San Damiano Boys Celebrating St Louis Marie de Montfort's Feast Day

A group of visitors from Malaysia Steemit Sabah team visited San Damiano Boys' Hostel Kiulu on 28th April 2018. In conjunction with St Louis Marie de Montfort's feast day, they took the opportunity to celebrate with the Boarders by having fellowship activities. They generously sponsored the fellowship lunch and a beautiful cake to commemorate the occasion.

Group photo of Mr Vincent Wong and Boarders with Steemit members

St Mary's Youth Hostel, Sandakan Health Awareness Session By Dr. Henry Ong

Dr Henry Ong Ming Leong, a medical practitioner and a close friend of Montfort, conducted a session on pre-marital sex and on sexual transmitted diseases (STD) to the boarders on 19th May 2018. He spoke about the negative effects if boy/girl relationships is carried out irresponsibly. Supported by medical facts and his long experiences as a medical practitioner, Dr Henry shared and highlighted the seriousness of such health issues. He shared that he treats at least 10 patients as young as 15 years old, in a month, with STD. He encouraged the boarders to stay focused as each and every one of them have the power to make a difference. The session received active participation from the boarders during the Q & A session.

Dr Henry Ong during the talk

MYC 16TH Open House Charity Carnival (OHCC) 2018

Despite a rain storm the day before and light rain on the event day, it did not stop our volunteers, stall owners and visitors from coming to our event. We had a total of 57 stalls consisting of food, games and vegetable stalls. The crowd was huge and the event was a success. We would like to thank everyone who supported our event for a good cause. Special thanks to our boys who worked hard and co-operated well before and during the event.

Workshop Skills Competition

A skills competition was held for all of the students from each department in their respective workshops. This competition is meant to expose the youths to a variety of skills and equip them with the tools and resources they need to build a career. They were tested based on their knowledge on general studies, motor mechanic, computer maintenance and general maintenance skills. All the students showcased excellent talent, knowledge and confidence in portraying their skills.

This workshop skills competition is one way to motivate and help the youths' to build character, confidence, commitment, and self-esteem. To all the winners and all the boys, well done!

Graduation Batch 16

10 June marked the day that brings together a lot of emotions for the 50 grads and their families alike. After 2 years of hard work and determination, Batch 16 students of MYC finally graduated and off to find their own success path. The event was graced by the guest of Honour, Mr Ng Teck Seng, the Managing Director of Kuok Foundation along with Chairman of BOG, Mr. Tan Hing Seng, Technical Advisor of CMD, Mr.

Tan Siew Teng, Bro. Mark Tee sg. from MBT Shah Alam, and also sponsors, volunteers, parents/guardians and members of the press. It was a proud moment for Bro. Peter, teachers, MYC staff and most importantly the family and friends of the graduands when thunderous claps accompanied each student when their names were called on to the stage to receive their scrolls. We wish the new graduates heartiest congratulations and all the best.

ALL Summer Holiday English and Computer Programme (SHECP) 2018 Closing and Awarding Ceremony

SHECP 2018 Students' Group Photo

ALL celebrated the Summer Holiday English and Computer Programme (SHECP) closing Ceremony on May 26, 2018 at Assumption Church Parish Hall. All students (165) attended the ceremony. Over hundred parents attended the ceremony as well. Two students from Interchange-Intro class were the MCs for the ceremony. At the beginning of the ceremony, Mr. Martino gave the opening speech. He thanked ALL-Staff, the teachers, the assistants and management team for their great effort and hard working for the children. He also thanked the parents for sending their children to ALL. He gave special thanks to the parish priest, Fr. Ye Mynit, for allowing ALL to use the Hall. Finally, he encouraged the students to keep learning.

After the opening speech, students from each class performed their prepared items on the stage such as action songs, songs, dances and conversations. Students' parents were happy to see their children shows. Mr. Shane Lin Htet shared the important of ICT with power points. He also introduced the computer courses ALL currently runs now. He encouraged students' parents to let their children learn and become familiar with ICT. Later, three computer students shared their "Rainforest" power-point presentation to the audience. After that, a student and a student's father shared their experience regarding with ALL programme.

After students' performances, ALL awarded each student a certificate of completion of SHECP. In every class, there were four special gifts awarded; the first, second and third grade winners and a progress award. All students from all classes who completed 2018 SHECP with passing score, was given a jelly-snack as a gift. All children and parents were served with 'Shew Yin Aye' a kind of Burmese traditional snack.

Students doing action song after sitting for an hour during SHECP closing ceremony

Pilgrimage – In the Footsteps of the Founder
Bro. Dominic Yeo-Koh led a group of pilgrims for the Footsteps of the Founder from 25th May to 6th June 2018. The pilgrims were the Montfortian Associates and Friends of Montfort from Sabah and Singapore.

HR Manual and Staff Handbook

Institutions leaders from the three Malaysian Institutions met on 25th May, 2018 at Montfort Boy's Town, Shah Alam to follow up the HR Manual and Staff Handbook. The meeting was facilitated by Ms Eunice Lee, a HR Consultant.

Singapore Montfortian Associates Annual Retreat

The Annual Retreat was held on 22 to 24th May at MAJODI Centre, Johor. At the end of the retreat, the Associates renewed their commitment.

Admission Day

Montfort Youth Training Centre (MYTC), Sabah admitted 82 new trainees on the 23 Jun, 2018
